ISC DICTIONARY  
ORGANIZATIONAL LISTING  
ARRANGED BY COUNTRY

# Volume I

**CONFIDENTIAL**  
Approved For Release 2001/03/22 : CIA-RDP81S00991R000400010001-8

This issue of the ISC Dictionary organization listing (3-tag) is in a different arrangement from previous editions. 25X1a  
Part I (complete entry) is divided into 3 major area groupings: Soviet Bloc and Asia, Near East and Africa, Western Europe, and Western Hemisphere. Countries are listed alphabetically within each group. A fourth group includes three international concepts: Federations, International Conferences, and International Organizations. Within each country or international concept individual organizations are listed by subject code, and within subject code, by abbreviation. A Table of Contents with page entry for each country is attached.

Part II (English title card only) is arranged as heretofore-alphabetically by abbreviation without regard to area. To determine the full description of the organization it is necessary to refer to Part I.

Comments and recommendations of user offices are invited.
